Project #: 191042

Start Date: **Spring 2019**
Completion Date: **Spring 2020**
Status: **Completed**

City of Surrey - 2019 School Sidewalks Program

Contract Value: $2,639,726.19 Orignal Contract Value: $2,710,000.00

Project Highlights:

- 10 Separate Roadway Improvement Sections
- Common Excavation
- Granular Base Construction
- 2000 L.M of Concrete Curbing, associated Sidewalks, ramps, stamped coloured Medians, etc.
- Asphalt Paving for roadway improvements and Multi-Use Pathways.
- Landscaping Improvements including walls etc.
- Roadway Lighting

Description:

This project has reduced working hours and strict traffic control requirement. This is the first job in which we successfully used our latest "String less Curbing" Top-Con 3DMC GPS System on our Gomaco to pour the Curb & Gutter!
