Project #: 241572

Start Date: **Winter 2025**
Completion Date: **Summer 2025**
Status: **Completed**

The City of Vancouver's City-Wide Cut Repair Project

Contract Value: $5,400,000.00 **Orignal Contract Value: $5,400,000.00**

Project Highlights:

- 1800+ Individual Repair Locations
- Extensive Traffic Management & Traffic Control Measures
- 2000+ MT of Asphalt Repair Work
- 1500m3+ of Concrete Repair Work
- Various Landscaping and Line Marking Restoration Work

Description:

In 2025, All Roads successfully acquired the City of Vancouver's City-Wide Cut Repair Project. The rehabilitation work involves repairing asphalt, concrete curbs, and sidewalks across 1,800 locations throughout the Vancouver area — some of which had not been maintained since as far back as 2008, leaving certain neighborhood roadways without repairs for over 17 years.
